Grant Number

Dear Mr Sen,

This is to inform you that IFA's grant to you under the arts research and documentation programme is being underwritten by the income from the Sir Ratan Tata Trust Corpus Fund.

In this connection, I draw your attention to the 'Copyrights and Acknowledgements' section of our Grant Notification Letter. The last paragraph states:

“All activities and products in the public domain – such as exhibitions, stage productions, videos, audio tapes and publications – resulting from the grant should carry appropriate acknowledgement of IFA's support. In some cases, IFA may also require acknowledgement of specific donor contributions, if any, enabling IFA to make this grant.”

Since you are one of the beneficiaries of the Sir Ratan Tata Trust Corpus Fund, I would be grateful if all activities and products in the public domain resulting from this grant carry acknowledgement not only of IFA's support, but also that of the Sir Ratan Tata Trust.

I request you to consult us beforehand regarding the manner in which this support should be acknowledged.

With kind regards,

Sincerely,

**Anmol Vellani**  
**Executive Director**
