Dear Anmol,

After my brief presentation at the EAP grantees meeting in Bangalore, I have filmed some more of the activities at KPP and their new play 'Arjunan Tapasu'. I am slowly arriving at a rough edit of the film; certain distance from their current activities also helps. After completing the rough cut (hopefully by May 09) I will be in a better position to plan some more shooting with KPP actors and Muthuswamy.

My current Grant period ends in March 2009. Given the fact that it is a period film, where one is trying to allow footages to resonate with time, a leisurely pace is more advantageous. One more year extension of the grant period would be most ideal.

Kindly allow me an extension of the grant by another year.

Thanking you,

Regards,
